Message from the Vice President and Editor

During the course of a year, the Office of Institutional Research and Outreach receives numerous requests for information. These isolated bits of information may serve the specific needs of the requester, but they fail to communicate the complete picture of an exciting, vibrant, and growing institution. The Office of Institutional Research and Outreach believes the Fact Book demonstrates Navarro College provides excellent quality instruction and plays a significant role in the regional economy. Should you have any questions about Navarro College, please call 903-875-7376.

Mission

Navarro College Mission Statement

Navarro College provides educational opportunities that empower students to achieve their personal, academic, and career goals and that promote life-long learning for all communities.

Our Quest

To pursue wisdom, truth, and knowledge for ourselves and our students.

Vision

Through visionary leadership, outstanding teaching, and high quality service, Navarro College will achieve distinction as an exemplary two-year institution where quality teaching and learning prevail and students are well prepared to engage in higher levels of education, leadership, and employment.

Purpose

Navarro College seeks to maintain a stimulating and culturally diverse environment wherein students will be inspired to commit themselves to a high level of personal integrity and intellectual rigor. Through an integrated program of general education and support services, students are afforded the opportunity to develop abilities which enable them to be responsible stewards of their talents, skills, and material resources and to acquire a passion for life-long learning. An open-door, public, comprehensive community college, Navarro College primarily serves the educational, civic, and business communities in Navarro, Ellis, Limestone, Freestone, and Leon counties. The College also attracts students from the rest of the state of Texas, from throughout the United States, and from many other countries, welcoming students from all cultural, educational, and socioeconomic backgrounds. Navarro College is alert to the changing educational requirements of its constituency and the social and political forces at work within the communities it serves and responds to these changing needs with enthusiasm, creativity, intelligence, and hard work.

Navarro College operates in harmony with its enabling statute identified in the Texas Education Code, Section 130.003, which state that the charge of each public community college shall be to provide:

- Technical programs up to two-years in length leading to associate degree or certificate
- Vocational programs leading directly to employment in semi-skilled or skilled occupations
- Freshman or sophomore courses in arts and sciences
- Continuing adult education programs for occupational or cultural upgrading
- Compensatory education programs designed to fulfill commitment of an admissions policy allowing the enrollment of disadvantaged students
- A continuing program of counseling and guidance designed to assist students in achieving their individual educational goals
- Workforce development program designed to meet local and statewide needs
- Adult literacy and other basic skills programs for adults
- Such other purposes as may be prescribed by the Texas Higher Education Coordinating Board for post-secondary education in Texas

Core Values

We believe in:

- Providing an accepting, comfortable, and safe learning environment conducive to personal growth and development
- Recruiting and cultivating a caring faculty and staff dedicated to teaching and service excellence
- Ensuring universal access to affordable higher education through both traditional and innovative delivery systems
- Encouraging students to participate actively in the learning and decision-making process
- In upholding the dignity and worth of every human being

History

In the spring of 1946, a group of local citizens met to form a steering committee for the purpose of establishing a junior college in Navarro County. In a general election held July 16, 1946, voters approved the creation of Navarro Junior College and authorized a county tax to help finance the institution. In that same election voters chose a seven member board of trustees to govern the College. The first students began classes in September, 1946. Most of the 238 members of that first student body were returning veterans from World War II taking advantage of assistance available under the newly enacted GI Bill. The first campus of Navarro College was the site of the Air Activities of Texas, a World War II primary flight school located six miles south of Corsicana.

In 1951 the campus was moved to its present location, a 47 acre tract west of downtown Corsicana on State Highway 31. The campus has expanded to 103 acres with 23 buildings. In 1954 Navarro was accredited by the Southern Association of Colleges and Schools. The accreditation was reaffirmed in 1964, 1974, 1985, 1995, and again in 2006.

In 1974 the College broadened its philosophy and purpose to encompass the comprehensive community based educational concept, adding occupational education programs and implementing new education concepts including individualized and self-paced instruction and the use of audio-tutorial instructional media. In keeping with the new educational role, the word “junior” was dropped from the Institution’s name, and the official name Navarro College was adopted by the Board of Trustees. In an attempt to address the growing needs of its service area, which consists of Navarro, Ellis, Freestone, Limestone, and Leon counties, the College began offering courses in various locations in those areas in the early 1970s and eventually established two permanent centers, Navarro College South at Mexia and the Ellis County Center at Waxahachie. In January 2006, a new campus in Midlothian opened to better serve students in the Midlothian area. In 2013 Navarro established a campus in Fairfield with a focus primarily on vocational and technical programs to serve communities in Freestone, Limestone, and Leon counties.

Navarro College has had six presidents: Mr. Ray Waller, the founding president served until his death in 1956. Dr. Ben W. Jones served from 1956 until 1973. In 1974 the Board named Dr. Kenneth P. Walker as president, and he served until 1988. Dr. Gerald E. Burson joined the College in 1989, serving until his retirement in January of 1998. The Board named Dr. Richard Sanchez as Navarro’s fifth president in 1998, and he served until his retirement in 2013. In September 2013 Dr. Barbara Kavalier began her administration as Navarro’s sixth president.

Strategic Goals 2010-2015

ADULT EDUCATION PROGRAM

SERVING NAVARRO, ELLIS, LIMESTONE, & FREESTONE COUNTIES

The Adult Education Program (AE) is designed to serve under-educated adults in Navarro, Ellis, Freestone, and Limestone Counties. Instruction is available in Adult Basic Education (ABE) that concentrates on basic reading, writing, and math skills; GED preparation in Adult Secondary Education (ASE); and English as a Second Language (ESL). Adults enroll to seek employment, to advance on the job, to pursue a college education, or for personal enrichment. All classes are free and instructional materials used in the classroom are also available free of charge.

The AE program addresses workplace literacy by working with business and industry to meet the needs of their employees. Navarro College has offered AE instruction since August, 1986, and is accredited by the Texas Education Agency. Every year, the AE program provides a GED Graduation Ceremony, National Adult Education Honor Society Induction Ceremony, and opportunities for Navarro College tuition scholarships.

¹ The unknown summary total includes students who are unknown in all areas or unknown in some areas and met in others. Students who are unknown in some areas and NOT met in others are included in the "Did not meet state standards in one, two, or all three areas" category. ² Students who met state standards upon entry are given only one year to pass a first college-level course in the related accountability measure; however, this report includes three years of college-level course completion data for students who met the standard. ³ Unknowns by area include students with waivers or military exemptions who have not been reported as meeting TSI on a performance measure for that area.
